

FACTORY FOR VEGETABLE  
AND FRUIT PROCESSING

The company “VORI” Jordanka DOOEL from Gevgelija, Republic of Macedonia, has operated successfully as a privately owned company since its establishment in 1991. It is situated at the border with Republic of Greece by the motorway Skopje – Thessaloniki. The favourable climate conditions and the long-time experience in the area of agriculture provide a high-quality and quantity production of various fresh vegetables and fruit every year.

“Vori” produces and processes vegetable and fruit products that meet the needs of the customers with refined flavour. The products are made from selected ecologically sound fruit, which can be found in abundance in our region. We make all the products according to our own recipes in which we have included the traditional secrets of our ancestors. The ingredients we use in the production are 100% natural without any artificial colours and flavours. Our products add to every dining-table at any time of the year as a delicious complement to each meal.

We make the following products:

- AJVAR MILD
- AJVAR HOT
- LUTENICA
- VEGETABLE STEW - DJUVECH
- RISOTTO
- DILL PICKLES
- BEETROOT
- CHILLIS
- LORD'S PEPPERS

Our company is export-oriented and **99 % of our total production is designed for exporting.**

We work according to the quality standards **IFS, HALAL and ISO 22000.**

The production of high-quality products is our main goal, effort and obligation. The best indicator for the high-quality are the increasing demands for our products by the customers who urge us to increase our production continually. Over the years we have become one of the largest producers of fruit and vegetable products in the region. The trend in the continual increase of the production carries on further.

# Ajvar

The ajvar is a traditional Macedonian product. Top quality peppers and eggplants give a premium quality and a fantastic taste to this delightful product. In Macedonia it is really unthinkable to imagine ajvar without crusty bread and cheese. We produce it according to our own original recipe, which also includes all secrets of our ancestors. All ingredients used during the ajvar production process are natural, and the pasteurization is performed without usage of any preservatives. Ajvar can be used in the original form or as a side dish with roast meat and barbecue, with cold dishes, sandwiches and as a complement to prepare stews and sauces.
